SMILE!**

DKV DENTISALUD

INTRODUCTION

At DKV we are health activists, which is why our products are aimed

at the health and well-being of our insured customers, colleagues and society in general. We believe that a healthier world is possible, and we work towards this.

We belong to the DKV Group, one of the largest insurance groups in Germany and Europe in over 30 countries. In Spain the DKV Group is present all over the country with an extensive network of offices and consultancies, where almost 2,000 employees work serving nearly 2 million customers.

Our responsible management also adds value to our society and the environment and enables the company to grow in a sustainable fashion.

DKV Dentsalud is an insurance policy that provides Dental Care services and access to the “DKV Dental Care Network”. This network has more than 1,500 selected clinics and odontologists in Spain.

It offers quality dental services, with numerous types of free care and treatments and others with discounts of up to 40% (preventive, conservative, medical

and surgical) to solve dental problems and to carry out preventive actions that help you to keep your mouth healthy.

**WE ARE
HEALTH
ACTIVISTS
ARE YOU
ONE OF US?**

ANY INSURANCE POLICY MUST START WITH A COMMITMENT. OURS STARTS WITH FIVE.

1. We want to offer you the best dental health provisions, but beyond this, we want to give you the best conditions to go with them. This is why **many care provisions and treatments are free**, and others include discounts of up to 40%.
2. Caring about your loved ones' dental health won't cost you a thing. If you **have children under the age of 14, their coverage will be completely free if they are insured with you.**
3. **We have removed your limits for treatments**, so you will never need to take any kind of authorisation with you.
4. If you experience an accident in which you lose or **break more than 3 teeth, we will offer you up to 6,000 euros** to select the dentist of your choice, whether or not they are included in the dental directory.
5. If you need cosmetic surgery as a result of the accident, of course you can count on this.

MORE COVER FOR TODAY AND TOMORROW!

There are more than 1,500 clinics and dentists at your disposal throughout Spain.

ALL THE BASIC COVER

- **Diagnostics unit.** So that you can find out the state of your oral health.
- **Preventive dentistry.** We prevent future problems related to your dental health, reducing the need for medium and long-term treatments.
- **Conservative dentistry.** If you have any kind of condition, such as tooth decay, we will clean and treat the damaged area.
- **Paediatric dentistry.** With treatments adapted to young ones.
- **Medical and surgical dentistry.**
- **Orthodontics and dental prosthetics.**
- **Cosmetic dentistry and implants.**
- **Serious dental accident if it affects more than 3 teeth, with a reimbursement of up to 6,000 euros up to 1 year after the accident.**
